

PRODUCT CATALOGUE

PVC , CPVC & UPVC Solvent Cements
Reliable bonding solutions for pipe & fitting applications

Manufacturer :

 **HINDUSTAN CHEMICALS**

An ISO 9001:2015 Certified CO.

About Us

Hindustan Chemicals, is a trusted Manufacturer & Traders of industrial chemicals, proudly registered and serving India since 2002.

For over two decades, we've built our reputation on precision, reliability and results.

And now BOND NEXGEN™ is a flagship brand of Hindustan Chemical. Our adhesives manufacturing are engineered to meet the demanding requirements of modern plumbing, construction, and infrastructure projects.

Our Range

We have a wide range of products for the customers domestic and industrial needs.

We specialize in manufacturing products that include:

- ✓ PVC Solvent Cement
- ✓ UPVC Solvent Cement
- ✓ CPVC Solvent Cement
- ✓ SR Adhesives
- ✓ Upcoming products *Silicon Sealant* and *Tile Adhesive*

Vision

To be a market leader and provider of the finest adhesive products locally and globally by creating utility through customer satisfaction, innovation and continuous improvements while being rooted in our core values.

PVC SOLVENT CEMENT

○ CLEAR | Shelf Life 2 years. | Regular Bodied-Low Voc

Specifications:

- Low viscosity formula for small diameter pipes (up to 3")
- Designed for fast setting in tight-fitting joints
- Best for non-pressure systems or light-duty plumbing

Applications:

- Conduit pipes, Potable water, Plumbing, Irrigation & Sewer
- PVC casing capping
- Drainage systems (DWV)
- Electrical pipe installations

Compatible Pipes:

- Schedule 40 PVC pipes (small diameter)
- Agricultural piping (low-pressure only)

Size	Container	Units/Case	Units/Master
50ml	Tin Can	24	288
100ml	Tin Can	24	144
250ml	Tin Can	12	96
500ml	Tin Can	12	48
1000 ml	Tin Can	6	24

UPVC SOLVENT CEMENT

○ CLEAR | Shelf Life 2 years. | Heavy Bodied-Low Voc

Specifications:

- Thick, high-strength cement with superior gap filling
- Ensures leak-proof joints for high-load or pressure systems
- Longer open time for large fittings or pipe adjustments

Applications:

- Industrial cold water systems
- High-rise and commercial plumbing installations
- Large bore drain/waste/vent (DWV) pipelines
- Agricultural or commercial tank systems

Compatible Pipes:

- UPVC pipes up to 8" diameter (or more)
- Schedule 80, high wall-thickness UPVC pipes
- Pressure-rated UPVC piping systems

Size	Container	Units/Case	Units/Master
59ml	Tin Can	24	288
118ml	Tin Can	24	144
237ml	Tin Can	12	96
473ml	Tin Can	12	48
946ml	Tin Can	6	24

CPVC SOLVENT CEMENT

Yellow | Shelf Life 2 years. | Heavy Bodied-Low Voc

Specifications:

- Thick, high-strength adhesive for high-temperature and pressure use
- Suitable for large bore pipes, extreme weather, and industrial-grade applications
- Extended open time allows for proper alignment in big fittings

Applications:

- Hot and cold potable water systems (up to 82°C / 180°F)
- CPVC piping in commercial buildings, hotels, industrial units
- HVAC, boilers, and high-performance utility piping

Compatible Pipes:

- CPVC pipes up to 6" diameter or more
- SCH-40 / SCH-80 high-pressure CPVC piping
- SDR-11 / SDR-13.5 hot water and chemical pipes

Size	Container	Units/Case	Units/Master
59ml	Tin Can	24	288
118ml	Tin Can	24	144
237ml	Tin Can	12	96
473ml	Tin Can	12	48
946ml	Tin Can	6	24

CPVC SOLVENT CEMENT

Yellow | Shelf Life 2 years. | Medium Bodied-Low Voc

Specifications:

- Balanced viscosity for most standard fittings
- Stronger bond for moderate-pressure and hot water systems
- Provides chemical resistance and long-term seal

Applications:

- Hot/cold water distribution in homes & apartments
- Solar water heater lines
- Medium-duty industrial water systems

Compatible Pipes:

- CPVC SDR-11 and SDR-13.5 pipes (up to 2.5")
- CPVC CTS pipe and fittings
- Compatible with both SCH-40 & SCH-80 standards

Size	Container	Units/Case	Units/Master
59ml	Tin Can	24	288
118ml	Tin Can	24	144
237ml	Tin Can	12	96
473ml	Tin Can	12	48
946ml	Tin Can	6	24
